RORY THE WHALE

Rory the Whale, a beloved 60-year-old concrete sculpture, was relocated to its new home at The REEF after the closure of the Flat River Swimming Pool. Originally created in 1963 by local artisan Pete Harris, Rory delighted generations of Park Hills residents and became a cherished symbol of the community. This iconic landmark underwent restoration during The REEF's construction and on May 21st, 2024, was rededicated at its new home, with its creator's family in attendance. This whimsical whale now greets visitors at The REEF, connecting the past with the promise of new aquatic adventures.
